An evening with Graeme Simsion

A fundraising function and it is
open to Senior School boys too!

Graeme Simsion is the author of *The Rosie Project*. A life affirming romantic comedy first published in Melbourne, the book has become a global phenomenon with publication deals in more than 30 countries. In addition, Sony Pictures have bought screen rights.

“ A laugh out loud comedy about a socially challenged genetics professor who sets out to find himself a life partner, scientifically. *The Rosie Project* is all about Don Tillman the character, somebody who is familiar in all cultures, the absent minded professor, the nerd. People get him, he is somebody we are asked to relate to and emphasise with. ”
